MEDICAL DURABLE
POWER OF ATTORNEY

I, Isobel Anastasia Testardi, the principal, hereby appoint my spouse, Richard Paul Testardi, my attorney-in-fact and agent ("Agent") to act in my name and for my benefit as provided below. If my spouse is unable or unwilling to serve, I appoint David A. Testardi as my attorney-in-fact and agent ("Agent") to act in my name and for my benefit as provided below. This Power of Attorney revokes all powers of attorney executed by me prior to the date of this Power of Attorney.

ARTICLE 1

GENERAL GRANT OF POWERS

1.1 Grant of Authority. I grant to my Agent full authority to make decisions for me regarding my health care. In exercising this authority, my Agent shall follow my intent as expressed in this document. My Agent's authority is intended to be as broad as possible, except for any limitations I may state below. Accordingly, unless specifically limited below, my Agent is authorized as follows:

(a) **Care.** To consent, refuse, or withdraw consent to any and all types of medical or professional care, counsel, treatment, service, surgical procedures, diagnostic procedures, medication, and the use of mechanical or other procedures that affect any bodily function, including (but not limited to) artificial respiration, nutritional support and hydration, and cardiopulmonary resuscitation;

(b) **Access.** To have access to medical records and information to the same extent that I have, including the right to disclose the contents to others;

(c) **Admission or Discharge.** To authorize my admission to or discharge (even against medical advice) from any hospital, nursing home, residential care, assisted living or similar facility or service;

(d) **Contracts.** To contract on my behalf for any health care related service or facility on my behalf, without incurring personal financial liability for such contracts;

(e) **Personnel.** To hire and fire medical, social service, and other support personnel responsible for my care;

(f) **Relief of Pain.** To authorize, or refuse to authorize, any medication or procedure intended to relieve pain, even though such use may lead to physical damage, addiction, or hasten the moment of my death;

(g) **Anatomical Gifts.** To make anatomical gifts of part or all of my body for medical purposes, authorize an autopsy, and direct the disposition of my remains, to the extent permitted by law;

(h) **Secure Placement.** To consent to my placement in any secure unit of any hospital, nursing home or health care facility in accordance with any facility or government guidelines or requirements;

(i) **General Powers.** To take any other action necessary to do what I authorize here, including (but not limited to) granting any waiver or release from liability required by any hospital, physician, or other health care provider; signing any documents relating to refusals of treatment or the leaving of a facility against medical advice, and pursuing any legal action in my name, and at the expense of my estate to force compliance with my wishes as determined by my Agent, or to seek actual or punitive damages for the failure to comply; and

(j) **Power to Delegate.** To delegate any or all of the above powers to any person or persons whom my Agent shall select.

1.2 Life-Sustaining Treatment. With respect to any life-sustaining procedures, I declare that I do not want my life to be prolonged nor do I want life-sustaining procedures to be provided if there is no reasonable expectation of recovery. I want my Agent to consider the relief of suffering, the expense involved and the quality as well as the possible extension of my life in making decisions concerning life-sustaining procedures.

Notwithstanding the above, if my attending physician or my Agent has in his or her possession either the original or a photocopy of an advance directive for medical/surgical treatment executed by me which is applicable to my medical condition, the terms of that directive shall control.

ARTICLE 2

APPOINTMENT OF GUARDIAN

Pursuant to the provisions of Section 15-14-310 C.R.S., if it becomes necessary that a guardian be appointed for me, I hereby nominate as my guardian the person or persons then serving as my Agent under this instrument.

ARTICLE 3

COMPENSATION

My Agent shall be entitled to reasonable compensation commensurate with the services actually performed and to reimbursement for expenses properly incurred.

ARTICLE 4

MAJORITY CONTROL

Unless I have expressly provided in this Power of Attorney that co-Agents may act independently, (a) when more than two persons are serving as co-Agent under this Power of Attorney, the concurrence and joinder of a majority of such persons is required to exercise the authority granted in this Power of Attorney, and (b) if only two persons are serving as co-Agent under this Power of Attorney, the joinder of both of them is required to exercise the authority granted in this Power of Attorney. If one co-Agent has released or is prohibited from exercising any power under this Power of Attorney with respect to any action or property, then with respect to that action or property the co-Agent will not be treated as a co-Agent and the other co-Agent or co-Agents then serving may exercise that power. Any co-Agent may dissent or abstain from a decision of the majority and be absolved from personal liability by registering the dissent or abstention in writing, but the co-Agent shall then act with the other co-Agents in any way necessary or appropriate to effectuate the decision of the majority.

ARTICLE 5

INTERPRETATION

This instrument is to be construed and interpreted as a medical durable power of attorney. The enumeration of specific powers here is not intended to, nor does it, limit or restrict the general powers granted here to my Agent with respect to my medical and professional care.

ARTICLE 6

THIRD-PARTY RELIANCE

Third parties may rely upon the representations of my Agent as to all matters relating to any power granted to my Agent and no person who may act in reliance upon the representations of my Agent or the authority granted to my Agent shall incur any liability to me or my estate as a result of permitting my Agent to exercise any power. An affidavit signed by a successor Agent setting forth the reasons that any other Agent is unable to act may be relied on by any person without further inquiry.

My Agent shall have access to my medical records, pursuant to C.R.S. § 15-14-506(3), for the purpose of obtaining or receiving information regarding my mental or physical health. Accordingly, my Agent shall be deemed to be my "personal representative" under the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA").

ARTICLE 7

DURABILITY OF POWER

This power of attorney shall not be affected by my incapacity, disability or incompetence. The statement of my Agent that this medical durable power of attorney is in effect at the time

such statement is made and that my Agent is authorized to act pursuant to it because of my disability, incapacity or incompetence shall be conclusive on all parties dealing with my Agent.

ARTICLE 8

INCAPACITY OF AGENT

If the personal physician of my Agent shall state in writing that, in the physician's opinion, my Agent no longer has capacity as a result of illness, age, or other cause to exercise the rights and carry out the obligations delegated by this Power of Attorney or that my Agent is unable to manage my medical affairs in a reasonable and prudent manner, then my Agent shall be deemed to have resigned effective on the date of the physician's letter.

Any Agent of mine who fails within a reasonable time to undergo a medical examination at my written request or the written request of any member of my family for the sole purpose of determining if the Agent lacks the required capacity to continue to so serve hereunder or fails to cause the results of such examination to be made available within a reasonable time to the person making the written request, shall be treated as resigning as my Agent 30 days after the written request is made, provided that there is reasonable basis to request that the medical examination be undertaken. In lieu of undergoing a medical examination, my Agent may, at my Agent's discretion, execute a written statement (a) authorizing and directing all of my Agent's health care providers to release, to the person making the written request as authorized above, all of my Agent's health care information (including, but not limited to the results of any medical examination conducted as provided above) for the purpose of allowing a determination of whether my Agent lacks the required capacity to continue to serve hereunder and (b) in a form sufficient to permit such release pursuant to 45 CFR 164.508 (or any successor thereto). I shall bear the cost of the medical examination conducted hereunder, and my Agent may direct my agent with financial power of attorney, the conservator of my estate, the trustee of any trust over which I have a general power of attorney, or any other fiduciary acting on my behalf with regard to my financial affairs, to pay the examination expenses.
